## DECLARATION OF HEALTH - REINSTATEMENT

Please take care when answering the following questions to make sure they're accurate, true and complete.. If not, you risk your cover being cancelled or when we assess a claim you risk us paying a reduced amount or nothing at all.

You don't need to tell us genetic test results unless your existing life cover and application(s) total more than £500,000. Above that limit, you only need to tell us the result of genetic test(s) for Huntington's disease. You can choose to tell us about any negative genetic test result which might enable us to offer better terms.
